

NOTICE

2024 Ontario Street Grand Bend Bridge Construction Phase 1

August 26, 2024

Dear Property Owner/Resident,

The Municipality of Lambton Shores has initiated a construction project in your area. This letter provides details about the project and information on how the construction may impact you.

Project Details

Location: Ontario Street South between River Road and Main Street

Schedule: Phase 1 Start date – September 3rd, 2024 Phase 1 Estimated completion – June 15, 2025

Scope: Bridge Replacement and Widening

Contractor: McLean Taylor

Engineer: BM Ross and Associates Limited

How will Construction Impact You?

Road Access:

Ontario Street South will remain open to vehicle and pedestrian traffic throughout the project. There will be lane and sidewalk closures to facilitate work. Please obey signage.

There will be times when the roadway on your street will be obstructed with construction activities. It is expected that your driveway will be accessible most of the time, however there will be short periods of restricted access when construction is working directly in front of your residence. We apologize for any inconvenience this may cause and thank you for your patience while the construction crews are completing the work. Please note the schedules are subject to change due to weather or other unforeseen circumstances.

Garbage and Recycling Collection: If your pick-up point is temporarily blocked by construction the Contractor will assist in collecting and transporting your garbage and recycling. *Note: All property owners are requested to write house numbers on their Garbage and Recycling Containers to avoid them getting misplaced during garbage pickup.*

Vibration: The possibility of vibrations due to compaction equipment during construction is not anticipated to be significant; however, the potential does exist during construction. Please protect your valuables that may be susceptible to damage due to vibration.
