

NOTICE

Gordon Road Asphalt Resurfacing Project

September 6, 2023

Dear Property Owner/Resident,

The Municipality of Lambton Shores has initiated a construction project in your area. This letter provides details about the project and information on how construction may impact you.

Project Details

Locations: Gordon Road between Decker Road and Townsend Line

Schedule: Start date – September 11, 2023 Estimated completion – October 2023

Scope: Road resurfacing by placement of asphalt

Contractor: Dufferin Construction Company – A Division of CRH Canada Group Inc.

How will Construction Impact You?

Road Access: There will be times when the roadway on your street will be obstructed with construction activities. It is expected that your driveway will be accessible most of the time, however there will be short periods of restricted access when construction is working directly in front of your residence. We apologize for any inconvenience this may cause and thank you for your patience while the construction crews are completing the work. The contractor will attempt to tidy up the area as work progresses, but the final restoration is scheduled for near the end of the project. Please note the schedules are subject to change due to weather or other unforeseen circumstances.

Garbage and Recycling Collection: If your pick-up point is temporarily blocked by construction the Contractor will assist in collecting and transporting your garbage and recycling. *Note: All property owners are requested to write house numbers on their Garbage and Recycling Containers to avoid them getting misplaced during garbage pickup.*

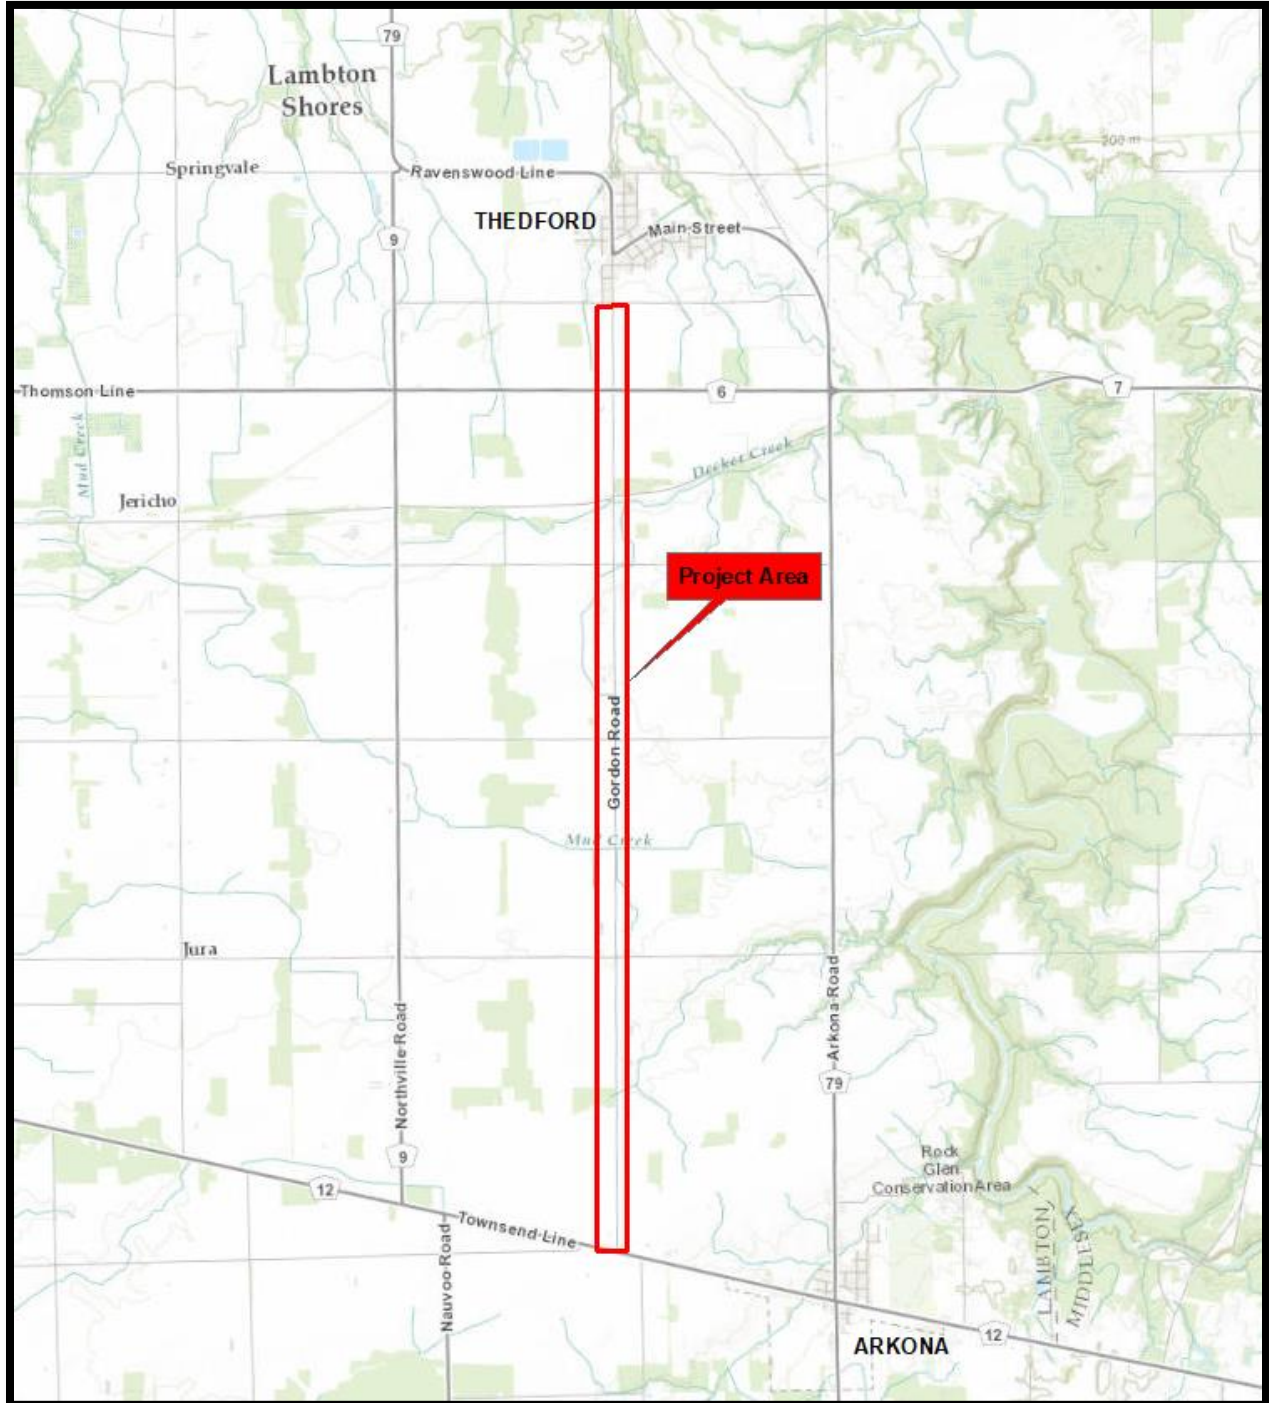

Vibration: The possibility of vibrations due to compaction equipment during construction is not anticipated to be significant; however, the potential does exist during construction. Please protect your valuables that may be susceptible to damage due to vibration.
