

THE MUNICIPALITY OF
LAMBTON SHORES

Municipality of Lambton Shores

ENTERPRISE DRIVE STORMWATER MANAGEMENT POND

Community of Lambton Shores
Municipal Class Environmental Assessment

NOTICE OF PROJECT COMMENCEMENT

The Municipality of Lambton Shores is proposing to construct a stormwater management pond in the community of Lambton Shores to service lands generally described as Lot 36 Southern Boundary (Geographic Township of Bosanquet). The objective of this project is to design and construct a stormwater management pond to provide stormwater quality and quantity control servicing the watershed. The proposed stormwater management pond would be located at the south westerly corner of the Enterprise Drive and Amtelecom Parkway intersection (refer to the accompanying Project Location Map).

The planning for this project is following the environmental screening process set out for Schedule B activities under the Municipal Class Environmental Assessment (Class EA) document. The purpose of the screening process is to identify any potential environmental impacts associated with the project and to plan for appropriate mitigation of any impacts. The process includes consultation with the public, stakeholders, and government review agencies. The proposed project is being planned under Schedule B of the Municipal Class Environmental Assessment (Class EA).

PUBLIC INVOLVEMENT:

The consultation program for this Class EA includes several opportunities for public involvement. For the initial phase of the program, public input will be received until July 12, 2024.

As the project proceeds, notices and information will be posted on the Lambton Shores web site. Refer to project website (<https://lambtonshores.ca/EnterpriseDriveSWMP>).

For more information on this project and the Class EA planning process, contact Chris Lierman at Spriet Associates, consultants for the project.
